What makes you unique as an entertainer? Vocal delivery is my greatest asset, yet it wasn't always that way. When I first started with Complete getting on the microphone was my Achilles heel, but time has helped me discover an invaluable gift.

Give an example of one of your best moments as an entertainer? I remember a Groom whose Grandmother loved Glenn Miller and requested if I would play one of his songs. By this time I was playing current music and had to come up with a way to transition to Big Band. I waited until the last song of the night and called the Grandmother onto the dance floor for a dance with the DJ. She had tears in her eyes as I played 'Moonlight Serenade', I'll never forget that.

Why do you enjoy working at Complete Music? Each week there's a new couple, a new hall and a new group of guests. It never becomes routine and the excitement of entertaining is there each time. I've learned a lot from my fellow Complete Music DJs, they are amazing entertainers and a great group anywhere.

What is your #1 goal at a dance? My goal is to make everyone's day so memorable so that whenever they think back to the Wedding Reception, they remember me with a smile.

What type of personality do you have? Engaging, I always enjoy interaction with new people. This job is a great outlet for an extrovert.

Why do you like performing at wedding dances? Each dance is an adventure. You go in as a stranger and leave as a friend. As a Wedding DJ, it's a great privilege to be a small part of that magical day everyone will remember the rest of their lives.
